**Press Release – New Product**

### **TOOL133 and TOOL133-L Vacuum Pump Wrench**

Baldwin City, KS, January 17, 2018 – McFarlane Aviation Products created a new tool to help install and service the dry air/vacuum pumps on a wide range of aircraft. The new TOOL133 Vacuum Pump Wrench can get into those really tight spots! Also offering a longer vacuum pump wrench, part number TOOL133-L.

This wrench is made of heat treated tool steel with a black oxide finish for durability and corrosion resistance. The precision-made tool with ¼" square drive is torque wrench friendly making it easier for you to get the job done!

McFarlane Aviation Products has provided general aviation with high quality replacement aircraft parts at an affordable price for over 30 years. For more information, go to [www.mcfarlaneaviation.com](http://www.mcfarlaneaviation.com) or call 800-544-8594 or 785-594-2741.
