FEDERAL AVIATION ADMINISTRATION – PARTS MANUFACTURER APPROVAL

Dear Mrs. Schachle:

In accordance with the provisions of Title 14, Code of Federal Regulations (14 CFR) part 21, Certification Procedures for Products, Articles, and Parts, subpart K, the FAA has found that the design data, based on Test and Computations, with your request letter dated October 30, 2017, meet the airworthiness requirements of the regulations applicable to the products on which the articles are to be installed. Additionally, the FAA has determined that Airforms, Inc. has established the quality system required by 14CFR 21.307 at 3650 West Aviation Ave, Wasilla, Alaska. Accordingly, Parts Manufacturer Approval (PMA) is hereby granted for production of the replacement articles listed in the enclosed Supplement No. 57, dated October 30, 2017.

You are reminded that the provisions of 14 CFR parts 21 and 45, noted in our PMA letter of approval, dated July 20, 2016, also apply to the enclosed PMA Listing-Supplement No. 57. The enclosed supplement should be retained with the original PMA letter as evidence of approval to produce the articles concerned.

Sincerely,

Timothy L. Bonderer
Manager, Minneapolis MIDO

-----END OF LISTING-----

Provide minor design changes in a manner as determined by the ACO. Process major design changes to drawings and specifications in the same manner as that for an original FAA-PMA.

The FAA accepted the ICA approach for the above articles with their designs. These ICA may refer to those of the respective articles from the holders of type certificates. Otherwise, provide supplemental ICA for differences in the replacement articles. Make referral statements or supplemental ICA readily available per 14 CFR 21.50.

This is in response to your letter, dated August 21, 2017, requesting parts manufacturer approval (PMA) on Airforms Aft Cabin Trim parts listed on the PMA Supplement that are eligible on the GA8 Airvan (Pty) Ltd GA8 and GA8-TC320 aircraft.

We reviewed the drawings and data submitted and concur with your statement of compliance as required by Title 14, Code of Federal Regulations section 21.311. We noted design approval on the PMA supplement. Note that this is a notification letter only and does not constitute design or production approval. We sent the PMA Supplement with your application to:

Minneapolis Manufacturing Inspection District Office
6020 28th Avenue South, Room 103
Minneapolis, MN 55450-2700

The Minneapolis Manufacturing Inspection District Office (MIDO) will grant production approval after validating your Quality System. The FAA-PMA letter and PMA supplement from the Minneapolis MIDO documents that approval. -

Minor Design changes must be submitted to the Anchorage ACO at regular intervals not to exceed six months.

We concur with your determination that installation of your PMA'd articles do not require supplemental instructions for continued airworthiness (ICA).

If you have any further questions, please contact Tim Sanders at 907-271-2646.

Sincerely,

August A. Asay
