

ASTRO TOOLS

ASTRO TOOL CRIMP TOOL (M22520/23-01)

AMT23B, mil spec M22520/23-01, is a heavy duty pneumatic crimp tool designed to crimp machined pin and socket contacts and insulated and non-insulated terminals size 8-4/0. Requires a die assembly and locator determined by the application.

P/N 11-20373

ASTRO TOOL CRIMP TOOL TURRET HEAD DMC TH1A (M22520/1-02)

615709, mil spec M22520/1-02, is a turret head used with the 615708, mil spec M22520/1-01, crimp tool frame on size 20-12 pin and socket contacts installed in MIL-C-5015, MIL-C-26482, MIL-C-26500, and MIL-

C-83723 circular connectors.P/N 11-20352

ASTRO TOOL CRIMP TOOL TURRET HEAD DMC TH4 (M22520/1-03)

The 615710, mil spec M22520/1-03, is a turret head used with the 615708, mil spec M22520/1-01, crimp tool frame on size 20-16 pin and socket contacts installed in MIL-C-28748 connectors.

P/N 11-20353

ASTRO TOOL CRIMP TOOL TURRET HEAD DMC TH163 (M22520/1-04)

Used to locate crimps on size 20-12 pin and socket contacts installed in MIL-C-38999 connectors and suggested selector depth settings for the wire size being used.

P/N 11-20354

ASTRO TOOL - CRIMPING TOOL DMC AF8 (M22520/1-01)

615708, mil spec M22520/1-01, is a crimp tool designed for machined pin and socket contacts with wire barrel sizes 20-12. Dial Selectable, 8 indent crimp, controlled cycle ratchet – requires a turret head or positioner

determined by the contact part number. Direct equivalent to Daniels Manufacturing (DMC) AF8.P/N 11-20351

ASTRO TOOL CRIMPING TOOL (M22520/2-01)

The 615717, mil spec M22520/2-01, is a crimp tool designed for machined pin and socket contacts with wire barrel sizes 20-28. Dial selectable, 8 indent crimp, controlled cycle ratchet – requires appropriate bayonet positioner determined by the contact part number.

P/N 11-20357

ASTRO TOOL CRIMP TOOL DMC HX4 (M22520/5-01)

620175, mil spec M22520/5-01, is a standard C-frame crimp tool which accepts interchangeable die sets (M22520/5-xx) to crimp a wide range of military and proprietary coaxial and triaxial connectors and contacts. Numerous die sets available.

P/N 11-20367

ASTRO TOOL LARGE MICROCRIMP CRIMP TOOL (HARTING 09 99 000 0001)

621205 is a controlled cycle crimp tool designed for machined pin and socket contacts installed in Harting Rectangular Power Connector HAN D & HAN E series connectors, 16A and 10A. The 621205 requires a locator determined

by the contact part number. Equivalent to Harting 09990000001. Also see 621205L for tool/locator combination...P/N 11-20370

ASTRO TOOL CRIMP DIE SET DMC Y501 (M22520/5-100)

620617, mil spec M22520/5-100, is a crimp die set used with 620175, mil spec M22520/5-01, crimp tool frame to crimp size 22 thru 10 insulated terminals and splices conforming to MS17143, MS25036, MIL-T-7928, MS25274, and MS27429. The 630045 die set is an

improved version (not mil-spec) which provides a tighter crimp on smaller wires.

P/N 11-20369

ASTRO TOOL CRIMP DIE SET DMC Y143 (M22520/5-45)

620310, mil spec M22520/5-45, is a crimp die set with 2 cavities used with 620175, mil spec M22520/5-01, crimp tool frame which produces .231 and .218 hex crimps.

P/N 11-20368

ASTRO TOOL REMOVAL TWEEZER DMC DRK95-22M (MS27495R22M)

The ATBX2046, mil spec MS27495R22D/M, is a removal tweezer designed for size 22D & 22M pin and socket contacts installed in MIL-C-38999 Series I, II & III rear release circular connectors

P/N 11-20375

ASTRO TOOL REMOVAL TWEEZER DMC DRK145

The ATC2076 is a removal tweezer designed for size 20 contacts installed in ITT-Cannon D*C and D*U Series, rear release D-subminiature connectors. Contact numbers: 030-1952-000, 030-1953-000, 030-1954-000, 030-1955-000. Longer tip version of ATC2071.P/N 11-20378

ASTRO TOOL REMOVER TWEEZER DMC DRK95-22B (M81969/8-04)

The ATML 0804B, mil spec M81969/8-04, is a removal tweezer designed for size 22 pin and socket contacts installed in MIL-C-38999 rear release circular connectors.....P/N 11-20383

ASTRO TOOL INSERTION TWEEZER DMC DAK95-20B (M81969/8-05)

The ATML 0805B, mil spec M81969/8-05, is an insertion tweezer designed for size 20 pin and socket contacts installed in MIL-C-38999 Series I & II rear release circular connectors.

P/N 11-20383

ASTRO TOOL REMOVAL TWEEZER DMC DRK95-20B (M81969/8-06)

The ATML 0806B, mil spec M81969/8-06, is a removal tweezer designed for size 20 pin and socket contacts installed in MIL-C-38999 rear release circular connectors.....P/N 11-20417

ASTRO TOOL REMOVAL TOOL DMC DRK20B (M81969/19-06)

The ATML1906B, mil spec M81969/19-06, is a removal tool designed for size 20 pin and socket contacts installed in MIL-C-5015, MIL-C-26482, MIL-C-26500, and MIL-C-83723 front release circular connectors.P/N 11-20422
